DECISION

TOPIC

Notice of Intended Action--Chapter 94, Deer Hunting by Nonresidents

The Commission is requested to approve this Notice to amend Chapter 94, deer hunting by nonresidents. Chapter 94 provides the regulations for nonresident deer hunting and includes season dates, bag limits, possession limits, shooting hours, areas open to hunting, licensing procedures, means and methods of taking, and transportation and reporting requirements. The proposed amendments restrict the optional antlerless-only licenses to one of the two regular shotgun seasons when the reported success rates are two to three times higher than during the archery or muzzleloader seasons. The shotgun seasons are also scheduled when many former residents come back and hunt with their families and traditional parties. These changes should allow for more deer to be killed in those counties where deer populations are higher than the Department's goals. The proposed amendments also add the requirement for the use of hunter orange on ground blinds making it consistent for resident and nonresident hunters.

Attached: Notice of Intended Action

NATURAL RESOURCE COMMISSION [571]

Notice of Intended Action

Pursuant to the authority of Iowa Code subsection 455A.5(6), the Natural Resource Commission hereby gives Notice of Intended Action to amend Chapter 94, "Nonresident Deer Hunting," Iowa Administrative Code.

Chapter 94 gives the regulations for nonresident deer hunting and includes season dates, bag limits, possession limits, shooting hours, areas open to hunting, licensing procedures, means and methods of taking, and transportation and reporting requirements. The proposed amendments restrict the optional antlerless-only licenses to one of the two regular shotgun seasons when the reported harvest rates for deer are two to three times higher than during the archery or muzzleloader seasons. The shotgun seasons are also when many former residents come back and hunt with their families and traditional parties. These changes should allow for more deer to be killed in those counties where deer populations are higher than the department's goals. The proposed amendments also add the requirement for the use of hunter orange on ground blinds so that it is consistent for resident and nonresident hunters.

Any interested person may make written suggestions or comments on the proposed amendments on or before January 2, 2008. Such written materials should be directed to the Wildlife Bureau Chief, Department of Natural Resources, Wallace State Office Building, Des Moines, Iowa 50319-0034; fax (515)281-6794. Persons who wish to convey their views orally should contact the Bureau at (515) 281-5918 or at the Bureau offices on the fourth floor of the Wallace State Office Building.

There will be a public hearing on January 2, 2008, at 1:00 p.m. in the Fourth Floor East Conference Room of the Wallace State Office Building, at which time persons may present their views either orally or in writing. At the hearing, persons will be asked to give their names and addresses for the record and to confine their remarks to the subject of the amendments.

Any persons who intend to attend the public hearing and have special requirements such as those related to hearing or mobility impairments should inform the Department of Natural Resources of specific needs.

These amendments are intended to implement Iowa Code sections 481A.38 , 481A.39 , 481A.48 , 483A.1 and 483A.8 .

The following amendments are proposed.

ITEM 1. Amend paragraph 571--94.1(1) c as follows:

c. Optional antlerless-only licenses. A hunter who is not successful in drawing an any-deer license may purchase an antlerless-only license as described in rule 571-94.8 (483A). ~~This antlerless-only license shall be valid in the county and season designated by the hunter at the time it is purchased.~~

ITEM 2. Add paragraph 571--94.7(6) as follows:

Ground blinds. No person shall use a ground blind for hunting deer during the regular gun deer seasons unless such blind exhibits a solid blaze orange marking visible in all directions with a minimum height of 12 inches and a minimum width of 12 inches. As used in this subrule, "ground blind" means a constructed place of concealment used for the purpose of hiding a person

who is hunting from sight. A ground blind is not a naturally occurring feature that a hunter merely uses for concealment.

ITEM 3. Amend subrule 571--94.8(1) as follows:

94.8(1) Any-deer licenses. Applications for any-deer and mandatory antlerless-only licenses will be accepted from the first Saturday in May through the first Sunday in June. No one may submit more than one application during the application period. Hunters may apply as individuals or as a group of up to 15 applicants. All members of a group will be accepted or rejected together in the drawing. If applications have been sold in excess of the license quota for any zone or season, a drawing will be held to determine which applicants receive licenses. Licenses or refunds of license fees will be mailed to applicants after the drawing is completed. License agent writing fees, department administrative fees and telephone order charges will not be refunded. If any zone's license quota for any-deer and mandatory antlerless-only licenses has not been filled, the excess any-deer and mandatory antlerless-only licenses will be sold on a first-come, first-served basis through the telephone ordering system or the Internet license sales Web site. Excess any-deer and mandatory antlerless-only licenses will be sold beginning the ~~fourth last~~ last Saturday ~~in July after the close of the application period~~ until the quota has been filled or the last day of the hunting period for which the license is valid, whichever occurs first. Members of a group that is rejected may purchase licenses individually if excess any-deer and mandatory antlerless-only licenses or optional antlerless-only licenses are available.

ITEM 4. Amend subrule 571--94.8(2) as follows:

94.8(2) Optional antlerless-only licenses. Optional antlerless-only licenses must be purchased through the ELSI telephone ordering system or the ELSI Internet license sales Web site. Licenses for taking only antlerless deer will be available on the same date as excess any-deer licenses are sold as explained in 94.8(1). Optional antlerless-only licenses will only be issued for one of the two regular gun seasons. They will be sold first-come, first-served until the county quota is filled, or until the last day of the season for which a license is valid. If optional antlerless-only licenses are still available on December 15, they may be purchased by nonresidents to hunt during the period from December 24 through January 2. These licenses will be available to nonresidents who have not purchased a nonresident deer license during one of the current deer seasons. The hunter must have in possession a valid nonresident small game hunting license and proof of having paid the current year's wildlife habitat fee. Optional antlerless-only licenses ~~will be issued by season and county and~~ will be valid only in the season and county designated by the hunter at the time the license is purchased.

a. Nonresident landowners. Nonresidents who own land in Iowa will have preference in obtaining optional antlerless-only licenses. Nonresidents must qualify as landowners following the criteria stated in 571-subrule 106.12 (1) and 571-subrules 106.12 (3) through 106.12 (6), except that nonresident tenants and family members of nonresident landowners and tenants do not qualify and nonresident optional antlerless-only licenses will not be free of charge. If a farm unit is owned jointly by more than one nonresident, only one owner may claim landowner preference in the same year. Nonresidents who own land jointly with a resident do not qualify for preference. Nonresidents who have provided proof to the department that they own land in Iowa and meet the qualifying criteria may ~~exclusively~~ purchase an optional antlerless-only licenses ~~for the first 14 days of the sale period~~ for one of the two regular gun seasons when excess any-sex licenses go on sale or for the holiday season beginning December 15. Such proof

must be provided before an optional antlerless-only license can be purchased and must be resubmitted each year in which an optional antlerless-only license is purchased. These licenses do not count against the county quota.

b. Nonresident proof of land ownership. Nonresidents who request preference for optional antlerless-only licenses will be required to submit a copy of their state of Iowa property tax statement for the current year or sign an affidavit that lists the legal description of their land, date purchased, and book and page number, or instrument number, where the deed is recorded.

~~c. Nonresidents who do not own land in Iowa. Nonresidents who are not Iowa landowners may purchase optional antlerless-only licenses beginning the fifteenth day after they are available to landowners.~~
